SAVE TIME, SAVE MONEY AND IMPROVE PROCESSES

Sourcing appropriate labels and signs can often be time consuming and costly, especially when only small quantities, specifically worded, or exact sized outputs are required. This is where the MAX Bepop allows you to realize huge cost savings and operational improvements, by producing exactly what you want, when you want it... 24 hours a day!

NO NEED FOR PRE-PRINTED LABELS NO MORE WASTED STOCK

UNIQUE INTEGRATED PLOTTER CUTTER

Cutting Blade (Included)

Cuts labels in any shapes and sizes you want!
NO die is required, NO minimum qty, NO lead-time!

Dedicated Software Included

USB connection to your PC

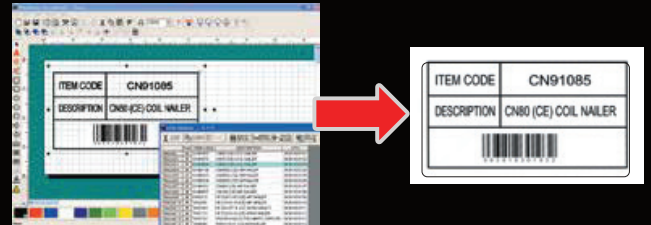

■ Templates & Symbols

Bepop PC-EX software includes 1,400 templates and symbols to help create your industrial standard signage easily and quickly.

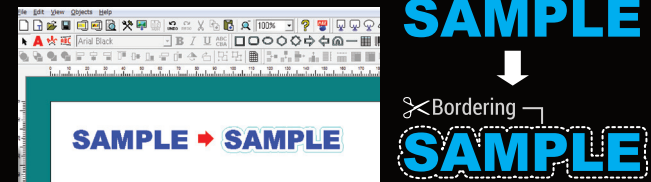

■ Enables Variety of Data Importing

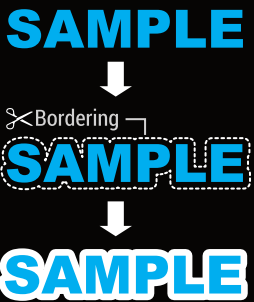

Bepop PC-EX software makes it possible to import the existing data from your PC so that you can use the data to create label design.

- Database in CSV format
- CAD drawing data in DXF format
- Image data in JPG, BMP, GIF, WMF, PNG or TIFF format
- Document data in Excel, Word, Powerpoint

■ Bordering

Bepop PC-EX software automatically draws a unique cut-shape around selected objects.

Specifications
