

Typical properties – 3M™ VFlex™ Particulate Respirator 9105, N95, 400 EA/Case

Details

Acid Gas Reduction	No
Advanced Electrostatic Media	Yes
Braided Comfort Strap	Yes
Brands	VFlex™
Cake-Resistant Filter Media	No
Class	Comfort
Cool Flow™ Exhalation Valve	No
Enhanced Comfort	No
Environment - Hot or Humid	No
Exhalation Valve	No
Faceseal	No
Features	Advanced Electrostatic Media, Folded
Filter Class	N95
Flame Resistance (ASTM D2859-96)	No
Fluid Resistant (ASTM F1862)	No
Hazard Type	Mold, Silica
Inner Packs per Case	8 Cartons per Case
Maintenance Free	Yes
Nosefoam	No
Nuisance Odor Relief (< OSHA PEL)	N/A, No
Organic Vapor Reduction	No
Product Series	9100
Recommended Application	Assembly & Mechanical, Cleaning
Recommended Industry	General Manufacturing, Mining, Oil & Gas, Transportation
Registered Medical Device	No
Respirator Size	Standard
Respirator Style	Flat Fold
Shelf Life	5 Year
Smallest Saleable Unit	Each
Specifications Met	Assigned Protection Factor (APF) = 10, N95, Unvalved N95
Strap Attachment Type	Stapled
Strap Material	Polyisoprene
Total Units per Case	400 per Case
